Panel Question

How are you deciding what information to provide to your school community?
Lessons Learned

Critical Processes and Policy
Preparing the Community

Teacher Preparation
- Delivery
- Skill-Building

Parent Preparation
- Engagement
- Trouble-shooting
- Partnership & Collaboration
- Training
Establishing Best Practices for Adopting Digital Learning

- Grade level alignment, cross-curricular collaboration
- Content accessibility and clarity
- More guidance from TNTP
Adopting Remote Learning Tools
Accessible Programming

Background

• Agreement with the Office of Civil Rights

• Impact of remote learning on accessible content creation

Facts and Figures

• We have 1800 schools needing accessible websites and about

• About 20% of people report as having a disability (this number is actually higher)

• In New York City, about 50% of families speak a language other than English at home

• 100% of people benefit from accessible content
Accessible Programming - Continued

Our Approach

• Communication
• Learning opportunities
• Siteimprove Academy
• Booking office hours
• Additional support and resources

  – Cheat sheet: https://digin.nyc/flyer
Panel Question

What have been the positive outcomes of remote learning for your district?
Poll: Question 3

Shout it Out - what do you think your organization is doing well right now?

- Addressing the community’s physical needs
- Supporting student mental wellness
- Providing academic engagement
- Partnering with others
- Other (Chat in your response)
Programming for the Future
Content

- Re-thinking student engagement
- Project-based learning, games-based learning, hands-on
- Analytics

\[1\text{National Council for Social Studies, 2020}\]
Innovating on the Educational Model

Educator Preparedness
- Content, Engagement, Communication
- Virtual learning
- Respond to needs
- Partnering with companies & organizations

Fall Scheduling
- Split schedules, cohorts of learning
- Virtual learning
- Intentional transitions
- More info from the mayor & chancellor

Curriculum Delivery
- Accessibility
- Collaboration between educators
- Parent training and partnership

Positive Mindset
- Growth Mindset
- Reframe your thoughts
- Keep things in perspective
- You’ve got this!
What are your considerations for what success look like for a student during COVID-19?

Digital Resources

Coping Strategies

Breathe Mindfully

Mindfulness practices, like yoga and meditation, help you focus on the present, notice your feelings, thoughts, and sensations, and create a moment to pause, reflect, or just "be."

Try this as part of your morning routine, during difficult situations, or before going to sleep. Breathe at a pace that you find calming can lower your heart rate, which can help if you're feeling anxious.

Healthy Coping Skills
